 - Florida State Business Review, Editor in Chief
 - Business Law Society, Founding President
- Florida State University, 2012, B.A.
 - Major: English Literature

Experience

Jackie currently focuses her practice on commercial, business, and tort litigation and is an integral member of our PIP insurance defense team. Since participating on her debate team in high school, Jackie has always known she wanted to become attorney. She utilizes her love of debate when conducting hearings, mediations and depositions, which she states is the favorite part of her practice. Though heavily involved in Personal Injury Protection, she enjoys representing clients involved with bodily injury and uninsured/underinsured claims (BIUM) and is continuing to grow that area of her practice.

Her passion for the law is only rivaled by her other passion in life – FSU football. Jackie bleeds garnet and gold. When not at work, she loves a good novel, embraces the beach life, and is an avid runner.

Admitted to Practice

- The Florida Bar, 2012
- Middle District of Florida, 2013
